Model	Tritone
Category	Vintage speedboat
Visible to	Italy
Region	Lombardy
Price	Private negotiation
VAT	Paid

Description

The Riva boat company celebrates its 175th anniversary in 2017. Pietro Riva started repairing and then building boats on Lago d'Isèo in Northern Italy in 1842 and handed down the company through three generations until Carlo Riva took command of the company in 1954. Notably, 2017 also marks the 95th birthday of Carlo Riva, as well as the 55th anniversary of the Riva Aquarama model. Whilst Riva boats had been very well built and highly regarded for the first 110 or so years of the firm's existence, it would be the runabouts of Carlo Riva that made the name an international symbol of La Dolce Vita on water, an essential part of life for any would be jet setter or style leader of the mid-20th Century. That Elizabeth Taylor and Richard Burton, the Shah of Persia, Dino de Laurentis and Prince Ranieri had a Riva runabout was to understand that to own one was to live in a world of ultimate glamour. But the reputation of the Riva boat wasn't built on style alone, although they all have looks to spare. In the 1920s and '30s, Serafino Riva built motorboats that set speed records and won many competitions. Their combination of powerful engines and expertly shaped hulls made them both fast and comfortable for cruising. That Riva Tritone was one of the first Rivas to be constructed using prefabrication and covering in plywood and she was the subject of a complete renovation in 2015/2016. The original engines are currently undergoing a total renovation. A very great opportunity to buy one of the most iconic boats ever built and in such amazing condition. So stylish and exotic with old school charm. Further info on request.

Main data

Length	7.94 mt
Beam	2.62 mt
Draft	0.54 mt
Built Year	1957
Max speed	38 kn
Cruising speed	30 kn
Displacement	2.650 kg
People capacity	10

Material of construction

Hull	Mahogany
Deck	Mahogany

Hidraulic systems

Electrical systems

Voltage	12 V
N. batteries	2
Capacity	200 Ah

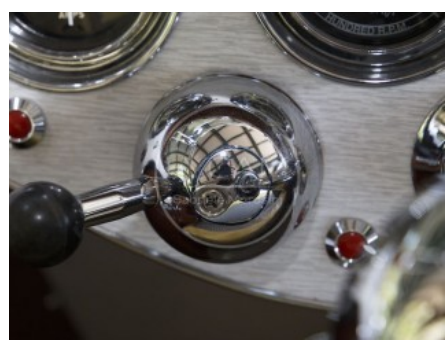

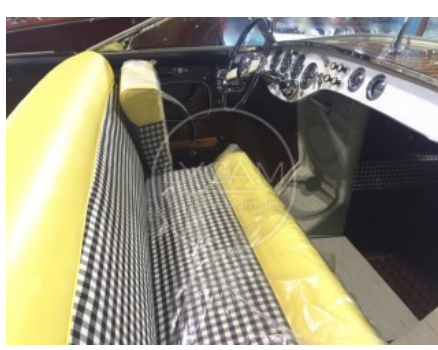

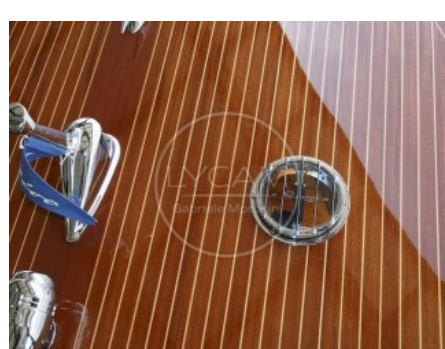

Fuels & Engines

N. engines	2
Power HP	175 HP
Fuel	Gasoline
Brand	Chris Craft
Model	MCL 6 cyl.
Consumption	55 l/hr
Transmission	Axis line
Engines hours	0
N. tanks	2
Capacity	400 l
Material	Stainless steel
Revision	2017

Details
